ASSOCIATION

## 20<sup>TH</sup> ANNUAL CARIBBEAN DERMATOLOGY CONFERENCE

THE RITZ-CARLTON GOLF & SPA RESORT

ROSE HALL, JAMAICA

NOVEMBER 2 – 5, 2011

### **About the Conference**

The annual Caribbean Dermatology Conference is the premier opportunity for the Caribbean's Dermatologists to be informed, educated and updated on the latest scientific, surgical and clinical developments in the diagnosis, treatment and management of the dermatology patient in the Caribbean. Various treatments, management approaches and diagnostic tools will be assessed for their applicability and accessibility within the Caribbean.

As always, the annual CDA Conference will serve to cultivate and maintain vibrant collegial relationships between the Caribbean's Dermatologists, while allowing them the opportunity to learn about the territories and cultures of the CDA member countries. The annual CDA Conferences is attended by doctors from the Caribbean, the United Kingdom, Canada, the United States of America and the US Virgin Islands.

### **Educational Objectives**

At the completion of this Conference, participants should:

1. Be able to identify the global developments that can positively impact the diagnosis, treatment and management of dermatological diseases and conditions within the Caribbean region.
2. Have a better understanding of diagnostic and management approaches to challenging cases through the presentation and discussion of specific clinical cases and their participation in a Dermatopathology Workshop.
3. Be aware of the research, relevant clinical trials and publications which hold the potential to assist in the optimization of dermatological disease management.
4. Be prepared to apply the knowledge gained to decisions regarding the diagnosis, management and treatment of dermatological patients in the Caribbean.

### **Accreditation Statement**

The 20<sup>th</sup> annual Caribbean Dermatology Conference will be planned and implemented by the Caribbean Dermatology Association in accordance with the essential policies of the National Council of Continuing Medical Education and the Medical Council of Jamaica. Each participant should claim only those CME hours actually spent in the activity.
